Dear Property Owner:

This letter shall serve as Notice of Availability to you as the owner of property in Worth Township in the mandatory municipal sanitary sewer district as directed by the Michigan Supreme Court. The municipal sanitary sewer system is available for connection to your property. Pursuant to Michigan Act 368 of 1978 and Worth Township Code Ordinance, your building is required (if within 200 feet of the right-of-way) to connect to the Worth Township municipal sanitary sewer system within 18 months of receiving this notice. This notice shall be recorded in the Official Records of the Worth Township Clerk.

The payment of the permit fee of \$100.00 is due at the time of application. Blank applications are available at the Township and on our website at www.worthmi.org.

Please note that the excavation and construction work of installing the waste pipe from your home (or business) to the public sanitary sewer lead at the edge of the road is an additional private expense. You can make arrangements for this work with any licensed and insured plumber or builder that is registered with Worth Township.

Filling out an application and paying the permit fee does not constitute initiating a hook-up. Worth Township will contact you when your application has been approved for hook-up.

Additional permits are required to be obtained through:
Sanilac County Construction & Land Use Department, PH: 810-648-4664
<https://www.sanilacounty.net/PublicPages/Entity.aspx?ID=195>

and the Sanilac County Health Department, PH: 810-648-4098
<https://www.sanilachealth.com/worthsewerproject>

Thank you for your cooperation.

Thank you,

Worth Township Board
