The following is a list of contractors who have registered with Worth Township to perform municipal sewer hook-ups. These contractors have provided us with a current copy of their builder or plumber license and their current proof of liability insurance. Worth Township is not endorsing these contractors; we are simply stating that they have registered with the township.

If you have a contractor that you would like to use that is not on the list, please have them bring their current builder or plumber license and proof of liability insurance to the township and file an application with us to become registered.

Additional names of registered contractors will be added as the contractors register with the township.
